

ECOTEC GROUP

Your strategic partner for seamless market entry and business operations in Egypt and Middle East's, leveraging our deep government connections and local expertise. we are committed to bridging the gap between international expertise and local market knowledge. our mission is to facilitate successful partnerships that drive economic growth and technological advancement in Egypt,ME and beyond.

We invite you to join us in shaping the future of industry and commerce in this dynamic region."

Manufacturing costs are rising, but at Ecotec, we've taken a different approach. Instead of cutting corners, we've invested in optimizing our production processes, enabling us to:

- Reduce equipment costs while maintaining high quality
 - Use premium components and strict quality control for reliable performance
 - Offer new, more competitive pricing across our product lines
- With today's challenging economic climate, we're committed to helping you stay competitive by delivering top-tier solutions at the best possible value.

**Excellence is the least we provide
We lead with competence
Our momentum stems from our consistency**

ECOTEC INVESTMENT GROUP

ECOEC is a highly diversified conglomerate; our activities include investment, contracting, Supplies manufacturing, Technology Transfer, Turnkey Projects and finance. Our starting point was in Egypt, in 1994. Due to our success in the local market, Ecotec Investment Group opened international branch offices in Saudi Arabia and Emirates in 2007. With further success and by proving ourselves indispensable partners to big names, we had the confidence to enter different markets with different challenges. Ecotec Investment Group Joint Ventures operates across the Middle East, with a strong presence in Egypt, Saudi Arabia, United Arab Emirates, Qatar, Jordan, and Bahrain.

OUR OPERATIONS:

- Across the Groups, our employees work in a wide range of businesses including food industry, plastic products, sorting and packing, agricultural equipment, Textile equipment, Artificial turf equipments, Pumps, Motors, Winshs, Solar power, chemical and petrochemical industry, egg production equipments, advanced communication systems, military and police equipment, water treatment processes, heavy metal and steel, glass production, aluminum industry, dairy equipments, refrigeration plants, greenhouses, livestock, animal feed, firefighting equipment, medical equipment, real estate investment, constructions, turnkey project solutions, and others.
- Our integrated scheme provides the Middle East and Gulf Countries with the best and most advanced lines of the las technologies and manufactures.
- We are well versed for providing efficient manufacturing solutions, including best machineries, financing, marketing and buy back services.
- Financing, marketing and buy back services.
- We are capable of delivering turnkey projects, engineering with state-of-the-art expertise and machinery; starting rom technical feasibility study through the final installations, launching and essential on-site training.
- We achieved successes on regional and international levels alike; in Egypt, Saudi Arabia, United Arab Emirates, Qatar, Oman, Morocco, Jordan, and in several European countries.

Group
ECOTEC

WHAT MAKES US THE BEST :

- Consistency in providing the best in every field. Diversity does not affect our quality, the excellence and state-of-the-art expertise we promise is what we never fail to deliver and hence we have an indispensable partner. In other words, diversity is never an issue.
- We are always able to accommodate customers needs because of our professionalism and being affiliated with the right international partners. We always have the business solution they seek.
- Our customers are our partners of success, the more satisfied they are the more successful we are. There are zero boundaries to our success, nevertheless abiding by ethics only reflects our integrity.
- Our international partners work around the clock, that is due to having partners all over the globe, and we are their indispensable success partner and because we are results oriented.

To conclude, Carlos Caloba mentions that "good contacts were made and there are positive outlooks for future businesses, both in Saudi Arabia and other countries in the Persian Gulf, which are markets where we can see a significant growth in the construction sector".

"Foi a primeira vez que marcámos presença nesta feira", começa por dizer Carlos Caloba, Export Manager da Recer, acrescentando que esta participação confirmava a forte aposta que a Recer está a fazer no mercado da Arábia Saudita.

O objectivo desta acção foi a divulgação do

Recer attended Saudi Build 2012, the 24th International Construction Technology and Building Materials Exhibition. It is the largest and most important business to business event for the construction sector held in Saudi Arabia. The fair was open to the public from 11 to 14

Our Core Strengths:

* **Unparalleled Government Connections:**

We maintain deep, long-standing relationships with key government entities, enabling us to expedite processes and secure favorable terms for our partners.

* **Expert Negotiation:**

Our team excels in negotiating optimal deals, ensuring our foreign partners receive the best possible terms and conditions for their ventures in Egypt.

* **Accelerated Market Entry:**

We significantly reduce the time-to-market by efficiently managing bureaucratic processes and leveraging our extensive network.

* **Comprehensive Local Support:**

From initial market entry to ongoing operations, we provide end-to-end support tailored to each partner's unique needs.

* **Our services encompass every aspect of establishing and operating a business in Egypt, including:**

- * Joint venture formation with Egyptian government companies
- * Tax optimization and compliance strategies
- * Navigating employment regulations and workforce management
- * Facilitating land acquisition and property management
- * Ensuring regulatory compliance and maintaining government relations
- * Identifying ideal local partners for collaboration

With over 25 years of experience across diverse industries - from Food and Agriculture to Engineering and Petrochemicals - EcoTec Joint Ventures has the expertise to guide your company through every step of your Egyptian business journey.

Choose EcoTec Joint Ventures as your gateway to success in Egypt and Saudi Arabia. We don't just open doors; we build bridges for lasting partnerships and prosperity in one of the Middle East's most dynamic markets.
